

The purpose of this seminar is to re-introduce the human to **his/her own information within the Book of Life**. Imagine that there is a book about YOU cataloged in the library of the **Universe**. Would you not wish to read it? Well, it is true. Some of you have had readings from a medium, seer, diviner, or shaman. The information may be **previously** known or unknown to you **about your current life or past lives**. This information is essential to you, in that your purpose in life is connected to the **information about you recorded in this book**. **Jesus and many prophets talk about the Book of Life**, as well as Divine beings that have been on earth in antiquity to help humans advance their consciousness.

Everything that has ever happened is seen and recorded in **the Book of Life**, also called the **AKASHIK RECORDS**. Some of your souls are older than **others**. Some of you are actually **Blueprinter Souls** who have assisted in building the holographic experience that Earth IS to **all of us**. Others are Star Traveler souls. **With** that in mind, some of you may have a smaller book and some of you may have a huge book. **DEJAVÚ is thought to be a “glimpse of remembering” from your own information within this book of life experience recordings. How is this information recorded? We will answer that, and many more questions, so you will have a deeper understanding about this important function of your own Soul.**

It is wise to obtain as much information about the YOU that is not in the 3rd dimension as you can. This seminar makes that possible. Your **personal** spirit guides, ancestors, and **deities** are watching how serious you are about this life and your growth and will make the missing link of data you need to transform your life available to you, based on the amount of work you have already done.

The **Creator Of All** has mandated this system for us to find our way back home. Some of you will choose to get there slowly, and some of you will get there in a twinkling of an eye. All of us will make it back home, even if it takes an Eternity. Free will is yours.

There will BE much information shared and taught from the DIVINE WORLD **in this seminar**. The first **20** people to **register** will receive the **opportunity to receive** a FREE Akashic Record Reading. Instructions will be sent to you on how to register for this session. These sessions will be held on August 13th, by appointment only. ***You do not want to miss this opportunity!***

Your higher self, spirit guides and perhaps, even your Divine parents highlight the information you will receive from the Akashic Records. Whatever They make known to you is for your growth, expansion, and highest good. It is information that should be cherished and regaled with the UTMOST respect. **All students will be offered this session at a discounted price for a limited time. All students will experience an initiation to the Divine World where the records are kept in space-time.**

There will also be a celestial archangelic chord cutting from the energy of Archangel Michael and Gabriel, **with** an off world instrument that has celestial voltage to sever past life ties, codes, pacts and discordant unwanted energies from the recipient of the angelic rite.

This seminar has limited placement. Please reserve your sacred place as soon as you can.

Looking **forward** to an amazing experience with you all.
